For Sale

Audi 100 Avant 2.2, silver with blue velour upholstery, 68,000 miles, 1989 (G-reg).

Andy is selling this, his late father-in-law's car. It's all original and over the last 10 years it has only been driven to have its annual MOT and oil change. The car has only been owned by his father-in-law and has been garaged for all of its life. Andy is looking for £2,000 and can be contacted at: andrewgthomson@btinternet.com or on: 07879 466 464.

Audi 80 quattro 2.8E. 1991 (J-reg). The front wings are a bit rusty and the tape on the rust is just to protect the jagged edges and not to hide it. Generally, the car is in good shape with only the front wings needing attention. Brilliant car for enthusiast and will come up well with a good polish and detailing. Offers over £600.
