
For Sale

Audi A4 2.6 V6 SE Auto 2WD 1996 N-Reg. I am selling my very early Audi A4 which I have owned for just over a year. The car is in remarkable condition for a 24-year old car and has a comprehensive service history. It has an MOT until September 2021 has covered 123,800 miles and drives exceptionally well. During my ownership it has been fully serviced and had a new cambelt and water-pump (with receipts), three new Dunlop tyres and a new Bosch battery.

The car has a period, working Sony radio-cassette, and the inside and outside of the car are in excellent condition. It has had three previous owners (four including me) and has many early A4 features such as the rear lights and Audi 80 type steering wheel. I will include the A4 and 2.6 boot badges as they were missing when I bought the car and a spare climate control display unit. Bad points: the Air conditioning doesn't work. £1495. Please call Ian on 07940 095 429 for further information and to arrange viewing.
